Visit our website to find out how to schedule an appointment to come in and meet with us. Children and adults of all ages need help from time to time. Do not hesitate to reach out for help. Thank you and enjoy!

SUMMER CAMP

Summer Camp is a great way to get your child involved and interested in activities as well as promoting general social skills in a friendly environment. Here is a list that we have put together of some great summer camps.

Traditional camps are usually full day camp with theme weeks, and multiple half day morning or afternoon camps for art, drama, reading, writing, sports,

skateboarding, dance, cheerleading, fishing, summer counselor training. Financial assistance is available for eligible families.

Social Skills Camps focus on primarily enhancing the development of social skills. They are geared toward children who have trouble making friends or forming connections with other children their age. These camps work to build friendship and

develop individual communication skills that can set the foundation for future social and environmental success.

Specialty camps have a narrower focus such as a sport, hobby or interest. This is a great way to introduce children to a new interest or kindle an existing passion as well as connect your child with likeminded friends along the way.

The camps that we have mentioned in this newsletter are just a sampling of camps offered in the Doylestown Area to help your son or daughter develop skills or interests. For the complete list of camps in the southeastern Pennsylvania region, go to: www.buckscountyalive.com
