

# Center for Psychology & Counseling

The Center for Psychology & Counseling (CPC) was co-founded in 1994 by husband and wife team, Dr. Harvey Ziff and Julie Ziff, LCSW. CPC is a highly respected private practice group that has served the Doylestown area for over 20 years with an exceptional reputation in the community.

CPC offers comprehensive psychological services for children, adolescents, adults, and families, provided by the most highly skilled clinicians in the Bucks County area.

We continue to strive toward the fulfillment of our Mission "...to provide the highest professional and ethical standards to ensure that each individual or family receives the best quality of care."

We value the unique strengths and challenges of each individual and family. We utilize an integrative approach, coordinating services and treatment that engages professional and community collaboration in concert with physicians and health care organizations, teachers, schools, and health and non-profit organizations. We provide information and education via seminars, workshops, presentations, outreach services, mental health screenings and programs.
