Clinical Work Experience:

8/09-Present *Private Practice Therapist:* assessment/diagnostic evaluation and individual, parent, parent-child dyadic, group, and family therapy with youths (ages 3-22), parents, and families, as well as consultation with schools, pediatricians, psychiatrists, medical doctors, and occupational/language/speech therapists. Also, supervision of interns. Center for Psychology and Counseling, 1960 South Easton Rd, Doylestown PA, 18901

8/09-10/2010 *Private Practice Therapist:* assessment/diagnostic evaluation and individual, parent, parent-child dyadic, and family therapy with youths (ages 3-18), parents, and families, as well as consultation with schools, pediatricians, psychiatrists, medical doctors, and occupational/language/speech therapists. Psychology Associates, 6 Penns Trail, Newtown, PA, 19067

5/03 to 8/09 *Private Practice Therapist:* assessment/diagnostic evaluation and individual, parent, parent-child dyadic, and family therapy with youths (ages 3-18), parents, and families, as well as consultation with schools, pediatricians, psychiatrists, medical doctors, and occupational/language/speech therapists. Self Private Practice, 26 W. 9th St, Suite 9C, New York, NY 10011.

9/04-7/08 *Therapist at P.S. 8 School:* conducted bilingual (Spanish and English) diagnostic evaluations, and individual, group, parent, parent-child dyadic, and family therapy with youths (ages 4 to 12) and their parents/families. Also, consultation and collaboration with school staff and classroom observations. Montefiore School Health Program at PS 8, Montefiore Medical Center, 3010 Briggs Ave/3380 Reservoir Oval, Bronx, NY 10467

1/03 to 8/04 *CATS Therapist (Child and Adolescent Trauma Treatment and Services):* conducted bilingual (Spanish and English) cognitive-behavioral trauma treatment with traumatized elementary school children, including those traumatized by the terrorist events of 9/11/01. CATS and Elementary School-Based Mental Health Program at P. S. 173, Pediatric Psychiatry Dept. of New York-Presbyterian/Columbia Hospital, 622 West 168th St., New York, NY 10032 multi-site treatment study).

7/01 to 8/04 *Therapist at P.S. 173 School:* conducted bilingual (Spanish and English) diagnostic evaluations, neuropsychological screens, and individual, group, parent, parent-child dyadic, and family therapy with youths (ages 4 to 12) and their parents/families. Also, consultation and collaboration with school staff and classroom observations. Additionally, in collaboration with the school guidance counselor and psychologists, provided crisis, de-briefing, and coping interventions in response to the terrorist events of 9/11/01, and screened the entire elementary school for anxiety/depressive/anger/stress symptoms in response to the terrorist events of 9/11/01; subsequently, then ran processing-coping groups for elementary school

students experiencing psychiatric/stress symptoms in response to the terrorist events of 9/11/01. Elementary School-Based Mental Health Program at P. S. 173, Pediatric Psychiatry Dept. of New York-Presbyterian/Columbia Hospital, 622 West 168th St., New York, NY 10032.

- 7/01 to 12/02 *Therapist:* conducted bilingual (Spanish and English) evaluations, neuropsychological screens, and case management with youths (ages 5-18). Collaborated with, and provided consultation to, pediatricians. Evaluation-Consultation Service, Pediatric Psychiatry Dept. of New York- Presbyterian/Columbia Hospital, 622 West 168th St., New York, NY 10032.
- 7/1/00 to 6/30/01 *Psychology Intern:* intensive training in behavioral, cognitive-behavioral, and family therapy with youths (ages 4-18) experiencing a range of psychiatric disorders and psychiatric symptoms secondary to medical conditions. Also, neuropsychological testing, and diagnostic psychiatric evaluations, of children/adolescents/adults. Columbia University and New York-Presbyterian Hospital/Columbia, 622 West 168th St./1051 Riverside Drive, New York, NY 10032
- 8/99 to 10/99¹ *Program Therapist:* conducted in-home individual/family therapy and individual/group/family therapy in a residential group foster home for youths with a wide range of psychiatric diagnoses (ages 11-17) who were in state custody due to parental abuse and neglect. Conducted psychological assessments/evaluations, participated in court hearings, assisted with parent-child reunification, and provided case management. Outreach Broward, Ft. Lauderdale, FL.
- 9/98 to 7/99 *Extern,* conducted in-home family/individual therapy, and individual/group/family therapy in three residential/foster group homes with: (1) teenagers court mandated to residential treatment due to multiple arrests or violation of community control, (2) seriously emotionally disturbed teenagers, and (3) children/adolescents in state custody due to parental abuse/neglect. Conducted psychological assessments/evaluations, participated in court hearings, assisted with parent-child reunification, and provided case management. Nova Southeastern University Externship at Outreach Broward, Ft. Lauderdale, FL
- 8/98 to 10/99 *Limited Case Manager:* conducted monthly booster therapy sessions with youths who continued to receive psychopharmacology treatment following their successful completion of psychotherapy treatment and consulted/collaborated with psychiatrists regarding their medication. Nova Southeastern University Adolescent Drug Abuse Prevention and Treatment Program, 3301 College Ave., Ft. Lauderdale, FL 33314.
- 8/97 to 7/98 *Extern:* conducted individual and family therapy with first-time, adolescent offenders with a range of psychiatric disorders. Conducted evaluations/psychological testing and assisted in the development/leading of a parent training group. Nova Southeastern University Adolescent Drug Abuse Prevention and Treatment Program, 3301 College Ave., Ft. Lauderdale, FL 33314.

¹ Outreach Broward closed suddenly in October of 1999 due to lack of funding.

- 5/97 to 6/00 *Clinician:* conducted cognitive-behavioral therapy with youths (ages 12-18) diagnosed with conduct/oppositional defiant disorder, substance abuse/dependence, and a variety of co-morbid psychiatric disorders. Consulted with probation officers, case managers, schools/teachers, and community agencies. Nova Youth Clinic, Davie, FL
- 1/97 to 4/97 *Pre-Extern Doctoral Student:* audio review and writing of intakes, observation of biofeedback treatment sessions, and training in use of biofeedback techniques/instruments and the interpretation of data from biofeedback instruments. Nova Southeastern University Clinical Biofeedback Program, 3301 College Ave., Ft. Lauderdale, FL 33314.
- 7/94 to 4/96² *Mental Health Technician:* conducted group therapy/skills training/recreational activities, developed treatment plans, and provided behavior modification with youths (ages 8-18). De-escalated agitated youths, developed/conducted anger management and problem-solving groups, and assisted in the development/ implementation of a contingency management (point) system for the child inpatient unit. Child and Adolescent Inpatient Unit (ages 8-18), Eugenia Hospital, Lafayette Hills, PA.
- 6/93 to 8/93 *Volunteer Psychiatric Observer/Assistant:* Adult and geriatric inpatient psychiatric units and psychiatric emergency room, Albert Einstein Medical Center, Philadelphia, PA.

Supervisory Experience:

- 9/10-present Psychology and counseling interns; includes training and supervision in a range of evidence based and cognitive-behavioral treatments, as well as in group therapy with youths. Also, training and supervision in scoring of rating scales and research of effective therapies/interventions and assessment tools. Center for Psychology and Counseling, 1960 South Easton Rd, Doylestown PA, 18901
- 9/04-7/08 Psychology interns/externs, social worker, family support worker, community mental health organizer, licensed psychologists, and unlicensed psychologists requiring one year of post-doctoral supervision, conducting outpatient treatment with children. Included training and supervision of supervisees in a range of evidence based and cognitive-behavioral treatments. Montefiore School Health Program at Public School 8, Montefiore Medical Center, 3010 Briggs Ave/3380 Reservoir Oval, Bronx, NY 10467
- 7/04 to 8/04 Research assistants conducting sibling childcare groups. Pediatric Psychiatry Dept. of New York-Presbyterian/Columbia Hospital, 622 West 168th Street, New York, NY 10032.
- 7/03 to 8/04 Psychology interns and unlicensed psychologist requiring one year of post-doctoral supervision, conducting outpatient treatment with children. Pediatric Psychiatry Dept. of New York-Presbyterian/Columbia Hospital, 622 West 168th Street, New York, NY 10032.

² Eugenia Hospital was bought by another agency and is now called Progressions.

7/98 to 6/00³ Research therapists conducting cognitive-behavioral therapy (problem-solving skills training) with adolescents diagnosed with oppositional defiant/conduct disorder and substance abuse/dependence. Also, advisory group for first year doctoral students. Nova Youth Clinic, Davie, FL.

Consulting:

11/03 to 12/04 *Cognitive-Behavioral Treatment (CBT) Consultant:* consultation/training of CBT treatment for anxiety and depression in children/adolescents with social workers, psychologists, and externs in 3 school based mental health clinics. Psychiatry Dept., Research Foundation for Mental Hygiene at New York State Psychiatric Institute, 1051 Riverside Drive, New York, NY 10032

Research Experience:

7/98 to 6/00 *Program Coordinator, Nova Youth Clinic, Davie, FL:*
NIMH-funded treatment-outcome study investigating the efficacy of individual cognitive-behavioral therapy vs. behavioral family therapy with adolescents dually diagnosed with disruptive behavior and substance disorders. Responsibilities included chart review, program development, and training graduate students in psychological assessments, treatment techniques, and crisis intervention. Research activities included review of therapy tapes to ensure treatment integrity, data entry, and monitoring of data entry. Additionally, collected, analyzed, and/or interpreted data for: the treatment outcome study, studies that examined the psychometric properties of self-report measures being employed in the study, and studies that examined the extent to which parents and adolescents were dissatisfied with particular areas of parent-adolescent interaction. Lastly, wrote, or assisted in the writing of, manuscripts for publication.

8/97 to 7/98 *Assistant Program Coordinator, Nova Youth Clinic, Davie, FL 33314:*
Assistant program coordinator for the above described NIMH study. Responsibilities included data entry, review of therapy tapes to ensure treatment integrity, chart review, and training graduate students in psychological assessments, crisis intervention, data entry, and chart review.

8/97 to 8/98 *Directed Study, Nova Southeastern University, 3301 College Ave, Ft. Lauderdale, FL 33314:*
Literature review and examination of the psychometric properties of a scale (Youth Happiness with Parents Scale) designed by Dr. Nathan Azrin and Dr. Victoria Besalel to assess youths' overall satisfaction with their parents and youths' satisfaction in various areas of parent-adolescent interaction.

1/93 to 5/94 *Research Assistant, Colgate University, 13 Oak Drive, Hamilton, NY:*
Ran experiments on intergroup bias; trained and supervised other student research assistants in conducting the experiments.

6/93 to 8/93 *Research Assistant, Albert Einstein Medical Center, Philadelphia, PA 19141:*

³ Nova Youth clinic closed in Fall of 2000. Former Director, Dr. Nathan Azrin, can be contacted at 954-262-7300.

Conducted literature searches and presented relevant articles for discussion. Also, reviewed and extracted pertinent information from adolescent inpatient psychiatric records for a study examining the association between adolescent psychopathology and separation from, or loss, of parents.
